## **Governor Musgrove Awards Funds to Perry County General Hospital**

Richton, MS – Governor Ronnie Musgrove today presented a check in the amount of \$148,727 to the Perry County Board of Supervisors and the staff of Perry County General Hospital. The funds will be used specifically for building improvements at the hospital, including replacing old boilers and improving the water and sewer system for the hospital.

“We are investing in our communities and their people,” Musgrove said. “We are doing what is needed to keep health care facilities open and running for the citizens of the area, and we are ensuring those facilities are operating at a high standard.”

The funds for Perry County General Hospital were awarded through a new grant program established by the Advantage Mississippi initiative, which was passed in a special session of the Legislature last year.
